# ELITE GENERAL MANAGER

EGM is the evolution of the **GENERAL MANAGER** genre. Fans of AEW will take the role of the GM, designing a roster of wrestlers, setting up matches, and running the show to generate revenue, grow their audience and manage their locker room morale to be the best in the business.

EGM will be available on **iOS & ANDROID** devices when released.

# STUDIO FOUNDERS

**Stephen Kim**  
**Chief Executive Officer**

A passionate and driven gamer, Stephen worked previously in the mining industry as a project manager while moonlighting non-professionally in collectible card games. In 2016, he left his career in engineering to pursue his passion of creating video games, leading to the founding of Crystallized Games.

**Adam Collver**  
**Chief Creative Officer**

An experienced digital artist from the VFX industry, Adam spent years developing his technical experience in 3D asset development for film, television and video games so that he could work in the video game industry. In 2016 he realized that vision by founding Crystallized Games.
